

Reimagine your application experience

A comprehensive guide to
Essai's range of services,
university admissions
outcomes, categorizations,
and success rates.

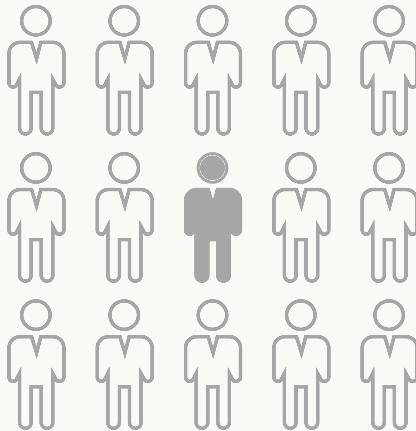

What we Do

At Essai, we specialise in **end to end profile building and college application support** for the best colleges and universities in the **US and the UK.**

We believe in end-to-end high-impact counselling.

Through careful multi-year programming and one-on-one mentoring, we help our students accrue a record of demonstrated academic engagement via targeted social work, structured internships, relevant online courses, verifiable school engagement, and creative socially-oriented projects – which are then communicated memorably and authentically in the application essays.

Our Team

Nicholas Henderson Director

Our Director, Nicholas Henderson, **graduated from Harvard in 2006**. He has since taught at Shrewsbury School (UK), authored the **Pearson's Guide to the SAT** (2010), and co-founded Essai Education in 2015.

Nick splits his time between Delhi, London, and Washington DC.

Our hardworking, creative, and passionate team members are motivated by Essai's ambition to transform the education experience.

When you're with Essai, your dedicated Account Manager will take the time to get to know you, work with you to identify your strengths, and support you at every step in your college applications journey.

Results

At Essai, we've carefully curated two exceptional categories of aspirational universities for our students, each embodying the pinnacle of academic excellence and global recognition. These categories are:

- **Ivy +:** Rising stars that closely mirror the Ivy League standard, consistently delivering exceptional academic quality and fostering a culture of innovation and intellectual exploration.
- **The Global Select:** Distinguished international universities that excel in their respective regions, offering globally recognized programs.

Here are the different bases on which we calculate student results:

SAT adjusted

This category tracks admissions for students whose SAT scores meet or exceed the average reported scores for the selected universities.

Non-SAT

This category includes students who gained admission without submitting SAT scores or with scores falling below average for the selected universities.
